

NUTCRACKER VOLUNTEER COMMITTEES

*PLEASE SIGN UP FOR THE COMMITTEE(S) OF YOUR CHOICE,
BY PROVIDING YOUR NAME AND CONTACT INFORMATION
ON THE VOLUNTEER SHEETS AVAILABLE ON THE CALL BOARD AT COUPE*

• Rehearsal Parents–

For the safety of our children, and to maximize their rehearsal time, you will be emailed to arrange to stay for one or more rehearsals during your child's regularly scheduled rehearsal time during the weeks of rehearsal. Rehearsal parents help monitor the children and direct them according to the needs of the artistic and production staff. Younger, larger groups may require 2 parents per rehearsal.

• Backstage Supervisors–

Volunteers are needed to assist with the children in backstage dressing rooms during all dress rehearsals and performances. We will work around your schedule.

• Costumes–

If you can use a tape measure, we can use YOU... If you can sew a hemline, please sign up for this committee. Fittings are usually done over the weekend; costume adjustment can be completed at home.

• Technical Crew–

Positions to be filled for load-in and strike as well as assisting backstage with all production details such as props, scenery and effects, as well as taking responsibility for preparation and completion of shows, communicating with supervisory staff and scheduling.

• Fundraising– *Committee heads: Dawn Holt, Melissa Lucido, Joy Mendez, John Badi*

You will be asked to help organize and set up fundraising events at performances in both locations.

• Ushers–

Volunteers are needed for all performances, to take tickets & escort patrons to their assigned seats.

• Playbill–

Our Commemorative Playbill is limited to 96 pages; therefore, AD space is limited. Your ads will be accepted on a first come-first served basis. PLEASE bring your ads in EARLY. Submit your ad as a digital file on a CD, DVD or flash drive or as an email attachment sent to **rydeplaybill@gmail.com**. See ad order form for details. You may also give your ad materials and payment to the Studio desk staff in the main building.
